WHAT IS ADULT DAY HEALTH CARE?

The Adult Day Health Care Center at Palm Gardens is a medical model program designed to meet the needs of individuals who are frail, physically limited or isolated. Transportation is made available door to door to pick-up participants and return them safely home. The services provided by the Palm Gardens Adult Day Health Care Center will support their ability to remain at home and function with **independence and dignity**.

Adult Day Health Care services are also of great benefit to family members. Caregivers can relax knowing that their loved ones are in a supportive environment and still be able to remain at home.

PEACE OF MIND

Additionally, family members can finally experience peace of mind, knowing that their loved one is well taken care of in a supportive, supervised, medical setting during the day.

WHAT IS THE COST?

The costs of these services are fully covered by Community Medicaid, MLTC or private pay. This includes supervised transportation to and from the program, all meals and snacks, as well as all the medical services which they receive all under one roof. Our staff will help determine their eligibility.

All applicants must meet NYSDOH eligibility requirements.
